

## **General Education Requirements**

The following are courses that can be taken at Gateway Technical College to fulfill Carroll University degree requirements. Check the options for transfer with an Associate's degree. All students must fulfill General Education (G1 and G2) requirement areas at Carroll University. Consult the Carroll University catalog for clarification. Students may wish to enroll concurrently in the Carroll program.

Students should consult with the counselors at Carroll for a recommended progression of coursework in their chosen major. Students may wish to enroll concurrently in the Carroll program.

### Graduation Requirements:

- 1) ENG 101 or 102. We require only one semester of composition. 801-136 meets this requirement.
- 2) The Bachelor of Science degree requires 804-189 and CMP114 at Carroll or 804-198 and Computer Science 110 at Carroll. 804-189 or 804-198 may be specific for certain majors. Elementary Education students need MAT 104 & 201 at Carroll and 804-189. The Bachelor of Arts degree requires the completion of one year of an international language (or the equivalent). Select programs require 2 years of an international language. Consult the Carroll catalog for details. 802-124, 802-125, 802-119 and 802-118 meet the SPA101, 102, 201 and 202 courses, respectively.
- 3) All students must demonstrate math proficiency at the 804-197 (Trigonometry) level or higher. Math statistics may substitute for this course (804-189); Bachelor of Arts candidates may complete MAT 106 at Carroll.
- 4) A cross cultural experience and global perspectives colloquium are also required; to be completed at Carroll University.

### General Education (GE1 and GE2)

Students expand their knowledge outside their major area of study by completing one class in each of the four remaining distribution areas outside of their major area (G1). Students do not need to take an additional course in their major area (see distribution chart). Students must take a GE2 course in one of the four remaining distribution areas. One G1 or G2 course must also meet a cross-cultural designation (CCD). For additional options, students may wait to take these courses at Carroll.

**Completed AA or AS degree: Transfer students with an Associate of Arts or an Associate of Arts & Science degree with at least 52 hours of acceptable transfer credit will have the writing seminar waived and will meet all GE 1 distribution components in the general education curriculum. In addition, transfer credit may be received for the CCD, GE2 and CCE requirements. Individual majors may have additional prerequisites and/or requirements.**

**Additional courses will transfer from general education to Carroll University or from program-to-program. Please consult with a Carroll University transfer advisor for additional transfer options.**

Students from a two-year or four-year accredited post-secondary institution may receive transfer credits provided transfer courses parallel Carroll University courses or are deemed eligible for elective credit. A maximum of 64 credits may transfer from a two-year institution or a combination thereof. A course in which a student received a grade of D may be used to complete general education curriculum and major or minor requirements, but the credit hours will not count as hours toward graduation. All D and F graded courses normally acceptable for transfer credit will be figured into the calculation of the cumulative grade point average. Students must complete their final 32 credits at Carroll, including at least one-fourth of their major credits and at least one-fourth of the minor credits

Due to changes in course content at Gateway and Carroll University, the equivalencies are subject to change. For more information, contact the Carroll University Office of Admission: 1-800-CARROLL, extension 7220 or check the website at [www.carrollu.edu](http://www.carrollu.edu). Fall 2020
