

Welcome

Welcome to the Carroll University Department of Public Safety. Our site provides information regarding the ways in which we maintain a safe and secure environment for our community members and neighbors. This site also represents us – the men and women of the Department of Public Safety. Please take a moment to explore all that Public Safety has to offer.

In 2009, when I accepted the position of director, I made two promises – one to the dedicated men and women who comprise the Department of Public Safety and one to myself. I let the officers, staff and student employees know that, together, we would soon be acknowledged as setting the standard in excellence among campus safety departments. Together, with dedication and hard work, we are achieving that goal. From our innovative patrol operations to the emerging student safety programs, from our educational outreach efforts to the leading-edge technology we employ, we have and will continue to strive for excellence.

The promise I made to myself and family was more personal. As a parent, I believe that no other parent should experience any hesitation in allowing a daughter or son to begin her or his college journey at Carroll. I am here to ensure that every member of the Carroll community can grow and succeed in a safe environment and that everyone will be treated with the utmost care and respect.

Sincerely,

Michael J. Zens
Director
Department of Public Safety
