

In recognition of the strong programs in the sciences at Carroll University and the continuing need for outstanding graduates in these areas, two scholarship programs have been established. By completing the enclosed application materials, students will be considered for both programs.

- The Science, Technology and Research (STaR) Scholar Program is sponsored by the National Science Foundation and awards each recipient \$4,000-\$10,000 per year, **based on funding**.
- The Otto-Davies Fellowship was established by Dr. Bruce '58 and Evelyn Otto '58 and Carroll University. Each recipient will be awarded a scholarship in the amount of \$2,500 per year.

### Conditions of eligibility

1. The applicant must be a high school senior who has been accepted to Carroll University for the fall of 2011.
2. The applicant must intend to major in one of the following disciplines: actuarial science, applied physics, biology, biochemistry, marine biology, chemistry, computer science, environmental science, forensic science, mathematics, and/or psychology.
3. A minimum GPA is required to maintain the scholarship in each program and will be specified to the recipient in a letter.

### Conditions of competition

1. All application materials must be received **on or before** January 14, 2011.
2. All applicants must complete and submit the Student Aid Estimator (enclosed). Students who have already completed the form do not need to submit it again.
3. The applicant must possess an outstanding academic record from high school and show strong potential for the same high achievement at the college level.
4. The finalists and recipients will be selected by a committee composed of faculty members after careful review of the credentials of all candidates.
5. An on-campus interview will be required for each finalist to be scheduled for Saturday, March 5, 2011.

Please find enclosed the applications materials:
