

**MUSIC OCCUPATIONS – MUSIC LIBERAL ARTS**

Double major in Business available for music business students.

The music major offers both liberal arts and professional degrees as a preparation for a variety of careers, including music performance, music education, and business. For the performance emphasis, two one-hour recitals are required in successive years, usually during the junior and senior year. The liberal arts emphasis requires a half-hour recital in the final semester of study. A proficiency in piano must be passed by students with the performance emphasis or bachelor of music education degree. This competency should be completed by the end of the sophomore year. Acceptance into the performance emphasis requires a special audition. Performance juries are required of all music majors and minors each semester.
