### **General Education Requirements**

All students must fulfill the Carroll University Pioneer Core requirements including the **Cross-Cultural** and **Distribution Components** to receive their degree.

The **Cross-Cultural Component** includes: CCS101 Cultural Seminar, ENG170 Writing Seminar, **Cross-Cultural Development course (CCD)**, CCS300 Cross-Cultural Experience and CCS400 Global Perspectives Colloquium.

The **Distribution Component** includes four introductory level General Education 1 (G1) courses and one General Education 2 (GE2) course, outside of their major. A GE2 course must be from the same discipline as one of the GE1 courses (e.g., a GE1 ART course and a GE2 ART course). Distribution areas include: Fine Arts, Humanities, Philosophy/Ethics/Religion, Social Sciences and Natural Science. A general education course is not required in the same area as your degree, for example Exercise Science is a Natural Science program therefore no additional general education course is required.

Students earning an associate of arts or an associate of arts and sciences degree will have fulfilled various components of the Pioneer Core. \*Transfer students with an Associate of Arts or an Associate of Arts & Science degree with at least 52 hours of acceptable transfer credit will have the writing seminar waived and will meet all GE 1 distribution components in the general education curriculum. In addition, transfer credit may be received for the CCD, GE2 and CCE requirements. \* Please consult the Carroll University catalog for details.
