Nature of the project (Domestic, International, OR with an International Component*)

*If you describe your project as "with an International Component," this indicates that the international component of the project is optional. If the international component is not accepted, your application may still be considered for a domestic grant.

1. Project title and description of the project

SAMPLE

2. What is the scholarly and/or practical significance of the proposed research? What gap in academic literature or practice will the proposed research aim to fill? (More space on page 2)

3. List the specific goals for the scholar and for the mentor for the summer project.

SAMPLE

4. Indicate how this project will contribute to the student's educational experience.

SAMPLE

5. Indicate how this project is related to the mentor's scholarly work.

6. If this project is related to a specific course and/or major, please indicate that connection.

SAMPLE

7. How will the student be mentored and monitored? Please specify how the faculty mentor plans to supervise the student, including the frequency of meetings and other mentoring activities.

8. If this project involves two students, explain the need for two students and how each student's work will be distinct.

9. If the project is international or has an international component, demonstrate the direct connection between the proposed travel and the project's goals.

SAMPLE

10. Provide a detailed timeline for the project.
